REMARKS

Applicants note that the Notice of Allowance does not list the title of the invention as amended by Applicants' response filed on September 6, 2005. Please note that the amended title is as follows: METHOD, SYSTEM, AND PROGRAM FOR PERFORMING WORKFLOW RELATED OPERATIONS USING AN APPLICATION PROGRAMMING INTERFACE.

Also, Applicants note that the allowed claims are listed as 1-14, 16-24, 26-46, and 48. However, claim 27 was cancelled by Applicants' response filed on September 6, 2005. Therefore, the pending claims are 1-14, 16-24, 26, 28-46, and 48. Also, the claims should be renumbered as 1-44, rather than 1-45.

The Examiner may have provided various reasons for allowance. Applicants will not specifically address or respond herein to the issues/points raised by the Examiner in the Examiner's provided remarks. However, this should not necessarily be viewed as constituting acquiescence by Applicants as to the correctness of some or all of the Examiner's provided remarks.

Moreover, Applicants note that the claims are directed to various combinations of features. It is respectfully submitted that the patentability of each of the allowed and allowable claims resides in every feature of the recited combination of features of the claims in addition to any features noted by the Examiner.

Applicants submit that no new claims or new matter has been added to the application. Nonetheless, should any additional fees be required, please charge Deposit Account No. 09-0460.
